

A Mountaintop Experience

Let's climb the heights together,
And as we move, ascend,
God's vista's there before us,
Its beauty does not end.

Holding hands together,
For if we take a fall,
Jointly we'll get up again,
No problem there at all.

Each step is filled with wonder,
We see the mountain peak,
A final destination,
Its glory, there, we seek.

With you, Lord, I'm *already* there,
I'm at the mountaintop,
Such glory in our union,
With you, the joy's nonstop!

With you, my peace, unending,
Fulfilled, in ecstasy,
My mountaintop experience,
Exists because of Thee.

My heart so full of love, Lord,
Gratitude so huge,
You bathe me in your warmth, Lord,
My tears of joy, deluge!

You, too, can climb with Me, there,
Reader, I'm there in Mind,
Our mountaintop experience,
Is there for you to find!

Joined, we reach the heights each day,
Through Transcendent Mind we live,
Here God's Will, His loving light,
Shows us how to give.

Giving love to others,
Including all as One,
Moves us ever onward,
It's how God's Will is done.

In closing let Me share again.
The truth so now well known,
I am with you always,
You are not alone.
